Schmidt, Maynard

Good afternoon,

I hope this email finds you all doing well.

On behalf of the entire Admissions team, I would like to thank you for assisting us with our Incoming Student Day event this past Saturday. This was the largest attended Incoming Student Day event we have ever had and families and students really seemed to enjoy their time with us. We hope you found the conversations with our guests engaging and enjoyable.

As always, we are looking to find new ways to improve our programs. Please feel free to forward any thoughts or suggestions on how we can enhance our guests experience.

Thanks again and I hope you all have a great end to the semester.

Best wishes,

Maynard Schmidt
