11:36

Good morning,

Thank you all for helping to make the 2024 Annual CCHS Meeting so successful. We are still collecting the surveys from our guests, but so far the feedback has been overwhelmingly positive. I'm sure the same time to emphasize the fact that this success was due to a terrific SUNY Orange team effort and would not have come together as well otherwise.

Thank you to both Dr. Young and Dr. Hackman who addressed the audience and reinforced the importance of the CCHS program to SUNY Orange. Thank you to AVPs, Dr. Rios, Dr. Lavorgna, and Dr. ... extremely valuable, especially during the breakout session with the district superintendent, high school principals and CCHS liaisons. I am indebted to Maynard Schmidt and the Admissions team for ... and for the presentations from Admissions and Financial Aid. Thank you to Alyssa Walrad for presenting on ASAP which was unfamiliar and of great interest to many of our attendees. Thank you to ... regarding the tools and services available to our CCHS students from the Center for Student Success, Office of Accessibility Services, Cultural Affairs, and the Library. And, thank you to those who provided ... available to students if they choose to come here as matriculated students - EOP, TRIO, ASAP, PROSPERAR programming, and scholarships.

It was terrific to see so many chairs, assistant chairs, and department liaisons present at the beginning of the main session. Many of the responses we received expressed gratitude for the breakout sessions and their CCHS peers, chairs, assistant chairs, and department liaisons. Some even asked if we could do this twice a year!

Thank you to Justin Cole who created our updated branding for the name badges and handouts, as well as, came to take pictures, and Beverly Byrne who was instrumental in getting our name badges and Facilities did a fantastic job setting up the forum, the lobby, and the classrooms. The food received several shout-outs, and, of course the FABLAB demonstration and the swoopie O's were a big hit!

Actions speak louder than words and I couldn't be more grateful for the two students, Jack Bogdan and Jordany Gil, who manned the lab. They were friendly, enthusiastic and engaging. We couldn't thank you enough for the support of SUNY Orange's student body.

Finally, a special thank you to Lyla Ten Eyck and Dr. Rios for their support and guidance!

--

Sincerely,

Nancy Boylan
